Tribute to Frido (Old German: The Peaceful One)

Inner peace is our greatest asset - unfortunately far too often in the shadow of functioning and doing things right. Inner peace is much more than calm, it is real freedom and arrival in a world full of challenges.

Our Welschriesling calls on us not to let expectations, opinions or actions control us and our emotions. It encourages us to respect our boundaries. It sheds light on the shadows of our souls and shouts to the world:

Whoever you are - you are enough! Whatever you feel - it is right!

Prioritize your peace - respect yourself.

Unadulterated - independent - strong character - cheeky - powerful - lively
The boy. The wine.

Have fun and enjoy.
