

LAKO VITS WEINE

BLANC
DE NOIR
2022

white wine made out of
red grapes

- grape variety: Blaufränkisch
- organic cultivation of the vineyard
- cultivated according to the phases of the
moon
- handpicked and handselected
- instantly gently pressed
- spontaneously fermented on its own
yeast
- maturation on its own yeast
- alc. 12,5% vol.

A wine as a symbol of equality and the right to diversity in our society. A sign that you can be who you want to be. A wine with rough edges and a lot of character. Confident and genuine, it dares to go out into the world - a true role model for all of us.

Stop the hate.

We helped a Blaufränkisch that wanted to be a white wine to achieve this by processing it gently and carefully.

Have fun and enjoy.
